Understanding the practices (NIOS/SOS) and experiences of learners

Primary survey data in two Indian states: Rajasthan and Andhra

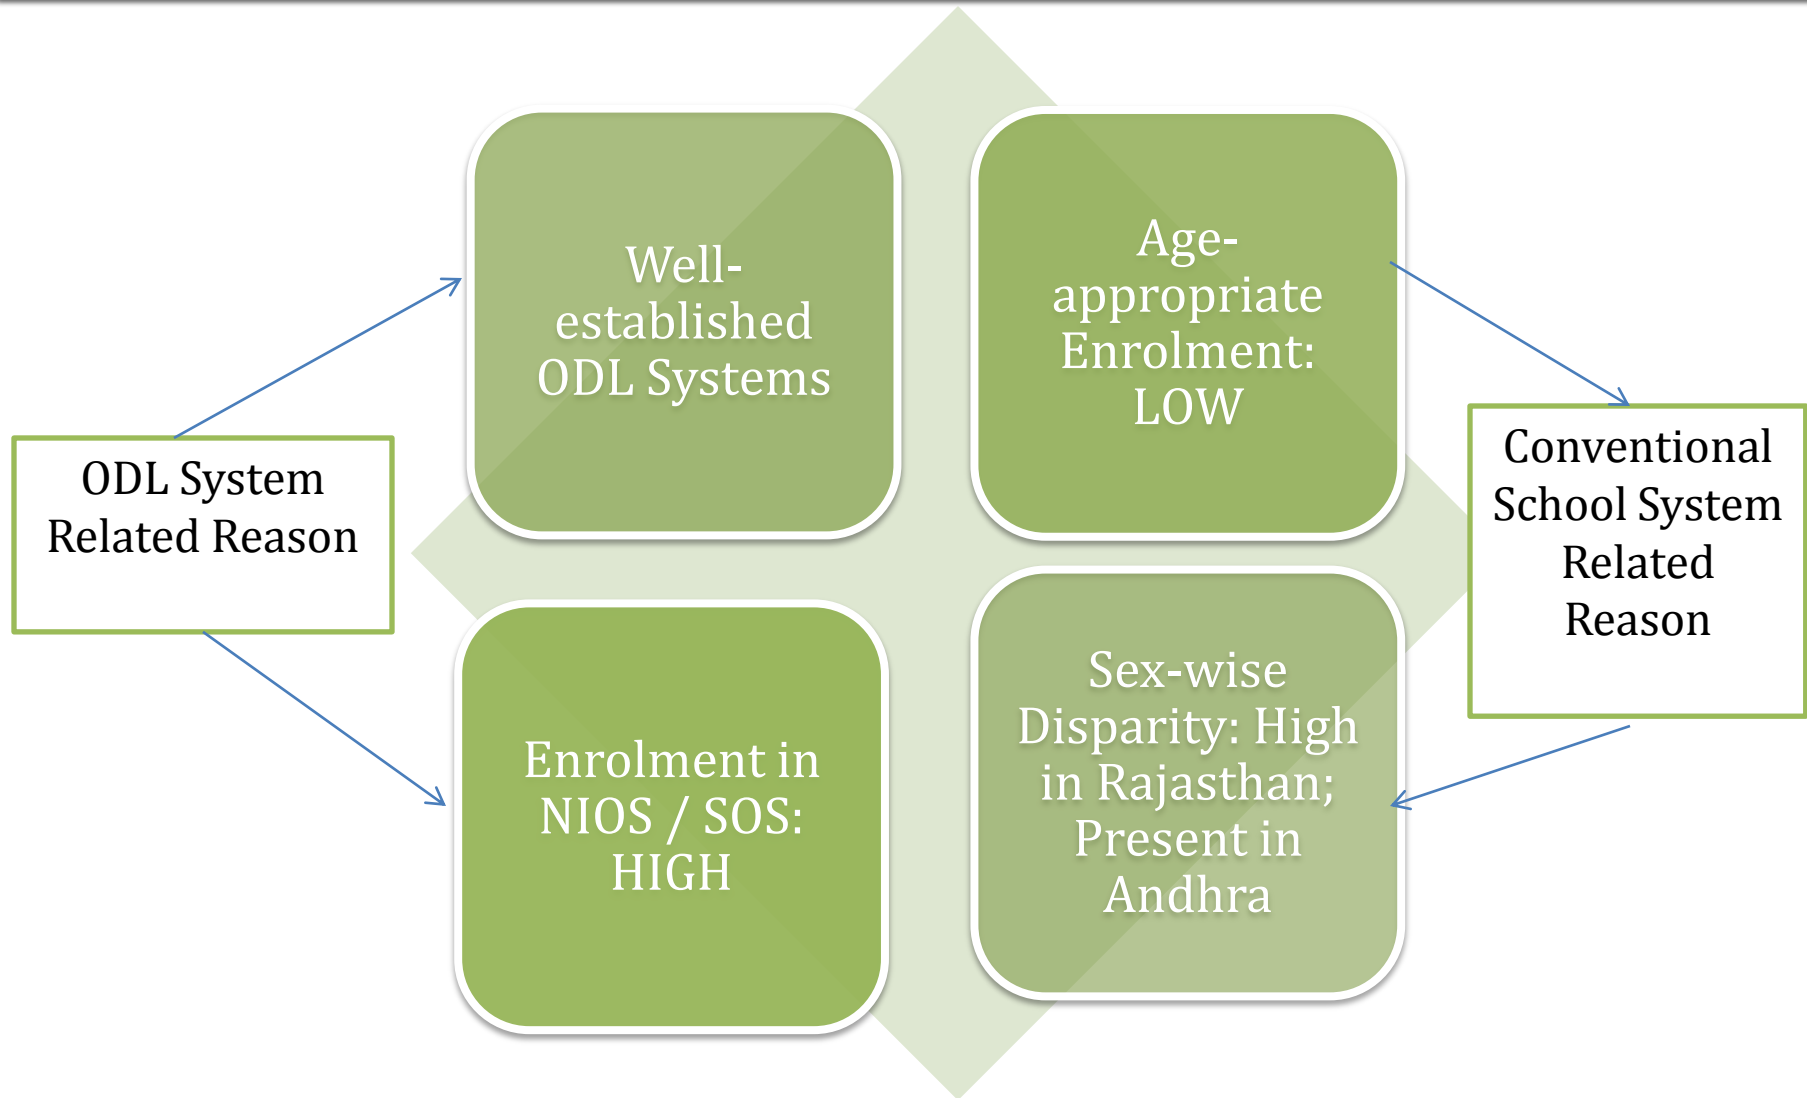

- **Objective**

- Understanding intended and actual practices of flexibility and accessibility for various stages in Open and Distance Learning (ODL) in India
- Understanding experiences of learners and tutors in the ODL system in India

- **Sample**

- Purposive sample
 - Rajasthan: (1000 Learners) – NIOS: 700 SOS: 300
 - Andhra: (1000 learners) – NIOS: 563, SOS: 437
 - Two states combined: Secondary – 1096;
Senior Secondary – 894

Why Rajasthan and Andhra ?

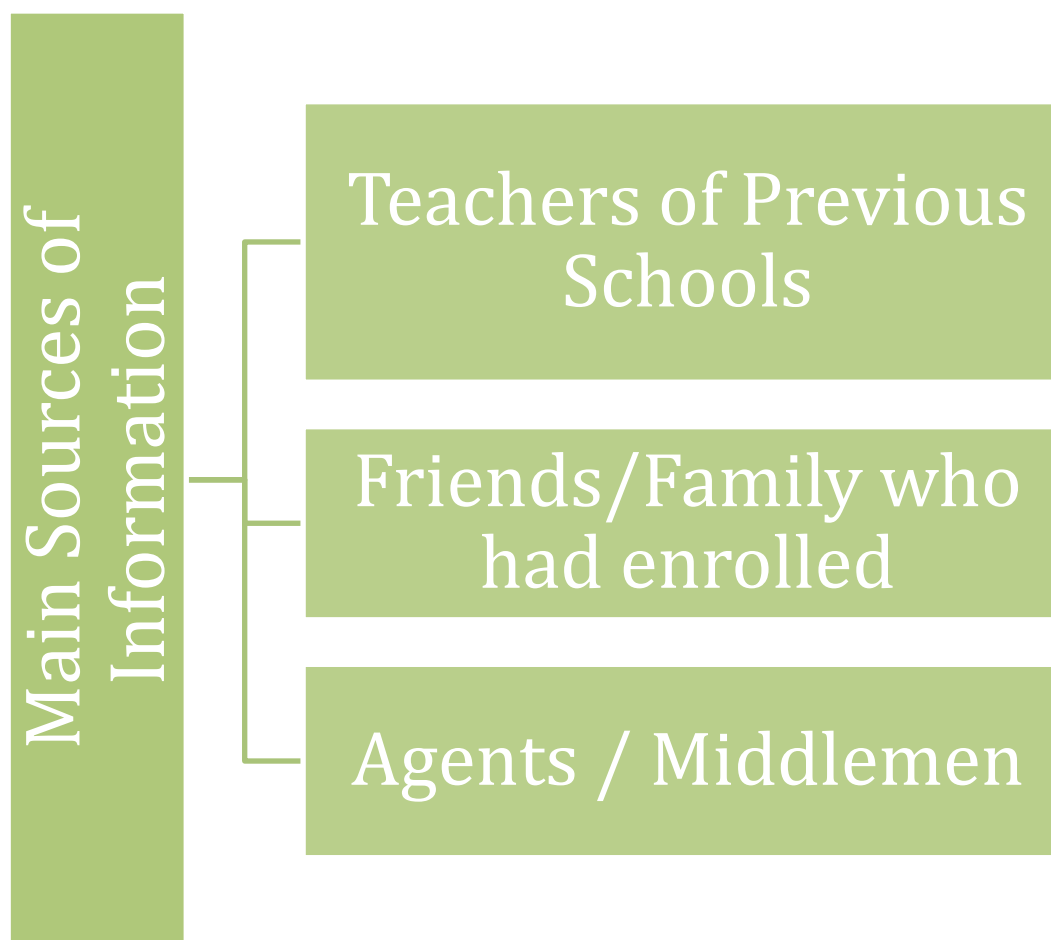

Who accesses the ODL System?

Rajasthan	Andhra
Self-employed in non-agricultural activities-3.5% Full time students-33%	Self-employed in non-agricultural activities- 11% Full time students-34%
32% <u>passed</u> the last class attended (higher for SOS)	71% <u>passed</u> the last class attended (equal for NIOS and SOS)
Age group % 15 to 18 years - 47.8% 19 to 30 years - 42.4% 31 to 40 years - 6.8%	Age group% 15 to 18 years - 64.36% 19 to 30 years - 13.96% 31 to 40 years - 2.11%

Reaching Prospective Learners: Design/Intended vs Actual

Intended Means of Reach (Source: Institutional documents)	Actual reach (Source: Primary Survey)
Mass Media (Newspaper / Radio / TV)	<p>NIOS: 6.7% in Rajasthan and 4.5% in Andhra had seen advertisement in national daily</p> <p>SOS: 1% in Rajasthan and Andhra</p>
Awareness drives by Accredited Institutions (AIs)	Teachers (15.95) in AIs acted as important source of information
Website for Information	<p>NIOS : 30% in Rajasthan and 4% in Andhra</p> <p>Rajasthan SOS: 9%</p> <p>Andhra SOS: 1.8 %</p>

Reaching Prospective Learners: Who were the real sources?

Flexibility in the ODL System

INTENDED	ACTUAL PRACTICES
All-year Round	✓
Transfer for Credits	✓
Different Streams for those who passed/failed previous class	✓
Wide Range of Subjects without pre-categorisation	✓
Minimal fee with concessions for disadvantaged groups	✓
No Maximum Age specified	✓
Easy Availability of Prospectus	✓
Easy-to-fill Form	10% in Rajasthan 50% in Andhra self-filled forms

Academic Support

INTENDED	ACTUAL PRACTICES
Self-learning materials	Available but learners find it difficult to understand on their own
Contact Classes at registered Accredited Institutions	NIOS: Not conducted in both states. Rajasthan SOS: Not conducted Andhra SOS: Regular contact classes
Website for different resources	NIOS: 23% (Raj); 20% (AP): 23% Rajasthan SOS: 16.7%
Tutor-Marked Assignments	No uniformity across Rajasthan AIs APSOS learners – at least submitted one assignment
Special Tutor Training for ODL classes	None of the Tutors interviewed had attended any such training

ODL System: Deviations

- Role of Agents/Middlemen prominent in
 - Accessing prospectus
 - Filling out forms
 - Selection of subjects
- High Out-of-Pocket expenditure despite low fees – due to private tuitions for academic support, books, transport and stationary

	Fee	Out of Pocket Expenditure

Conducting Examinations

INTENDED PRACTICES	ACTUAL PRACTICES
Bi-Annual Public Examinations	✓
Weekly On-Demand Examinations for NIOS	✓
Can appear for as many number of subjects per public examination	✓
Five years / Nine attempts per subject to complete the course	✓ Probability of completion is highest in Year 1; declines sharply in next 4 years (Paper presented by CBPS in PCF)
Local Language allowed for writing examinations	✓
Examination center close to the learner	NIOS: Learners reported that they had to travel longer distances
Strict and rigorous monitoring	Accredited Institute Management officials hinted at non-substantial monitoring Agents had guaranteed completion

Does flexibility increase the probability of completion?

- Ordinal Logit Model Estimation

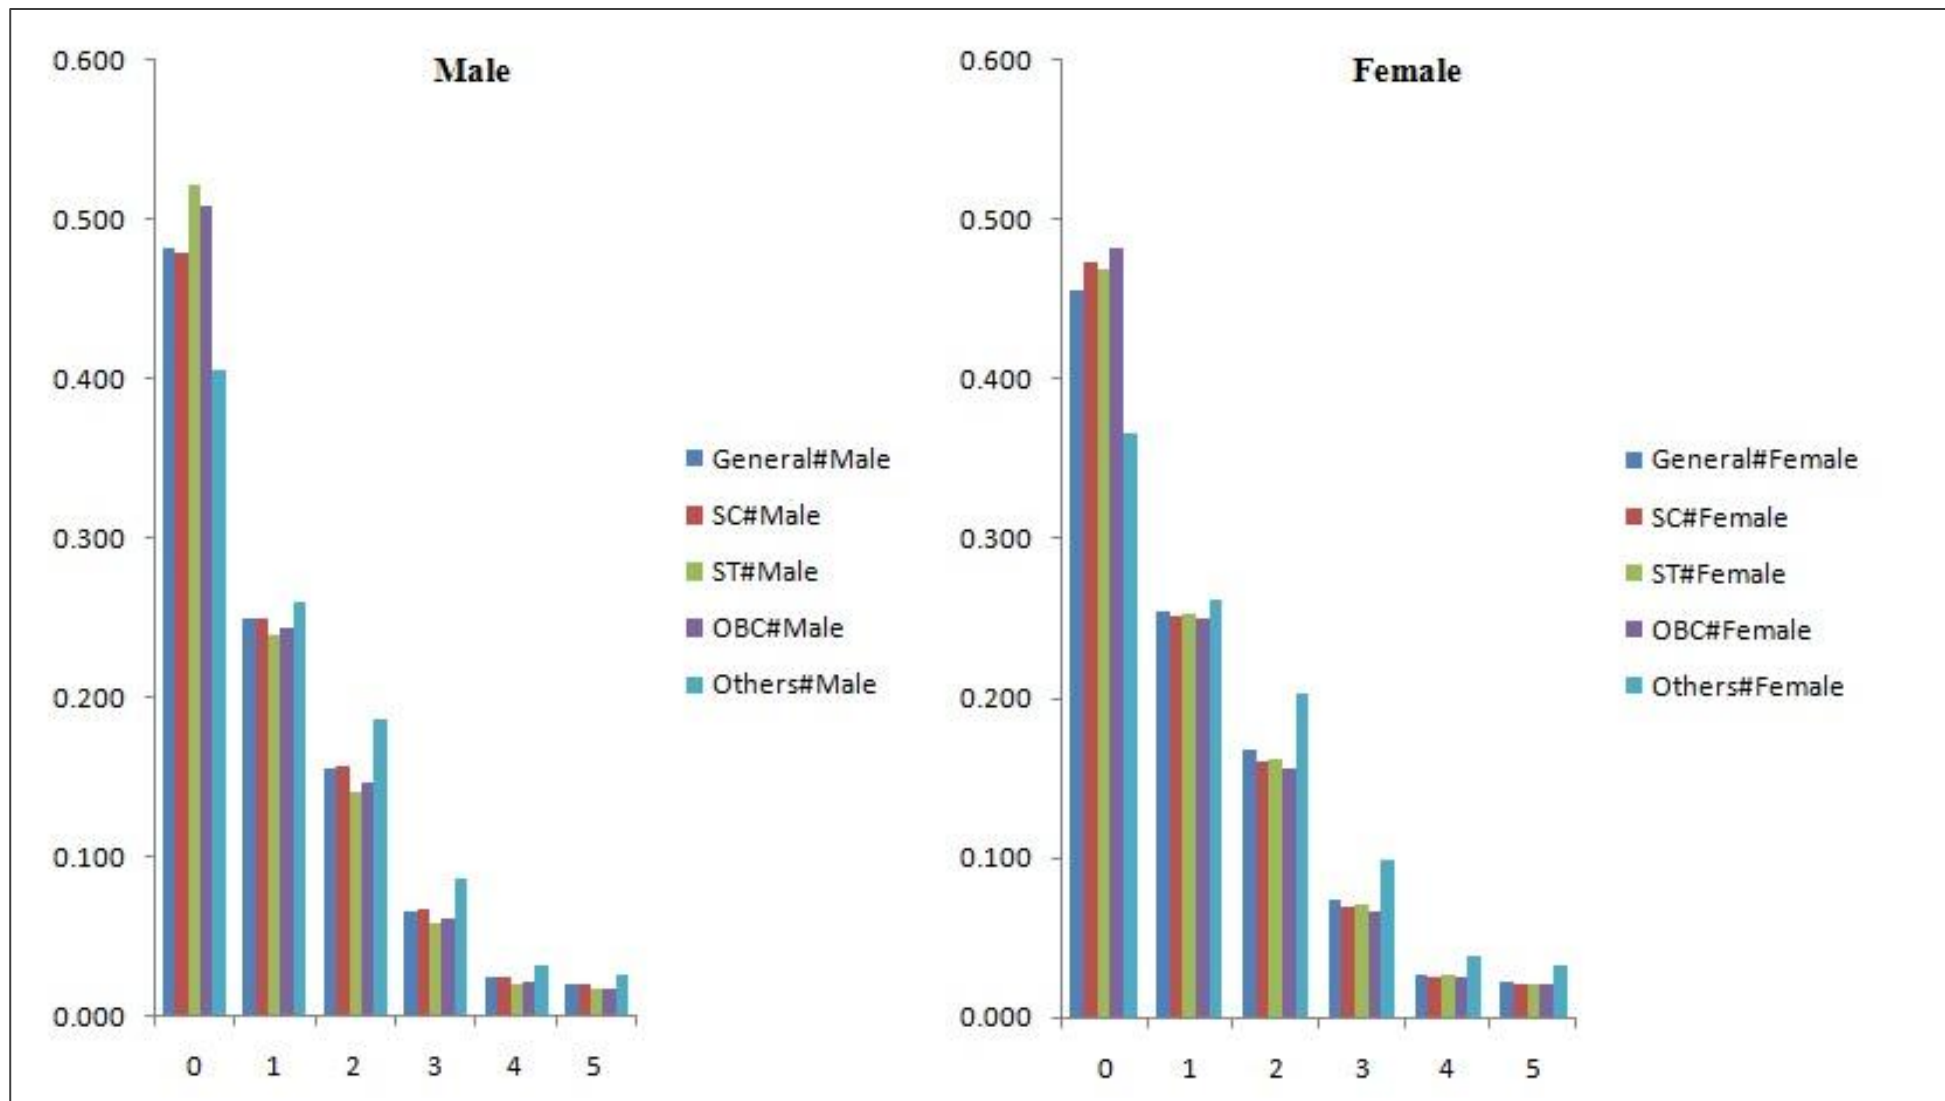

$$Y_{i,d,s,t} = \alpha_{i,d,s,t} + \beta_1 \text{Caste*Sex}_{i,d,s,t} + \beta_2 X_{i,d,s,t} + \beta_3 \text{state dummies} + \beta_4 \text{time dummies} + \epsilon_{i,d,s,t}$$

- Y (Dependent Variable)
 - 0 – Not completed;
 - 1 – Completed in one year
 - 2 – Completed in 1.5 years
 - 3 – Completed in 2 years
 - 4 – Completed in 2.5 years
 - 5 – Completed in 3 – 5 years.

Does flexibility increase the probability of completion?
