

## **CBPS RESEARCH FELLOWSHIP - Call for Applications**

### **Introduction**

The [Centre for Budget and Policy Studies \(CBPS\)](http://www.cbps.in) is a non-partisan, non-profit, independent public policy research institution based in Bengaluru. For the past twenty-seven years, we have been working in the areas of education, gender, livelihoods, public finance and governance, health and sanitation. Our projects focus on research, evaluation and evidence-based policy making engaging with issues of equity, justice, empowerment, democracy and accountability.

The CBPS Research Fellowship Programme commenced in the year 2023 as we celebrated our 25th year anniversary. This is a one-year research fellowship programme where we mentor budding researchers. This is a call for applications from young researchers to be part of the third cohort of the fellowship.

### **About the CBPS Research Fellowship**

The fellowship aims to help scholars develop research skills in the areas of education, gender, governance, health & nutrition, public finance, livelihoods and social security. The fellows will be working at the CBPS office located in Bengaluru and will interact with our research staff to gain valuable experience, support, and learnings in a collegial and academically rigorous environment which includes in-house talks, seminars/workshops as well as other public events. With the help of a mentor, the fellowship will allow scholars to be part of the ongoing research projects in an area of interest to the scholar. The fellows will receive a stipend of ₹25,000 per month and will also have access to office spaces and associated facilities including internet and use of the library. The fellowship, however, does not provide funds for housing, transportation, or any other financial support.

### **Who should apply?**

The fellowship is primarily geared towards scholars who have recently completed their Bachelor's or are in the final year of their undergraduate programme. CBPS especially encourages applications from scholars from historically underrepresented groups, including those underrepresented in terms of class, caste, gender, religion, linguistic affiliation, first-generation scholars etc. Scholars from various disciplines and methodological approaches are invited.

### **Application process**

Please apply with the following documents:

- A Statement of Purpose (SoP) describing why you are interested in research in the areas listed above (not more than 1500 words)
- A curriculum vitae or resume (in MS Word format)
- Two letters of reference
